# ANNOUNCEMENT

**SUBJECT: Moe I. Schneebaum Memorial Award for Engineering  
Nominations Due: July 29, 2005**

Nominations are now being accepted for the annual Moe I. Schneebaum Memorial Award for Engineering. This award is in memory of Moe I. Schneebaum for his far-reaching contributions to space technology and to the Goddard Space Flight Center. This award is the Center's highest recognition for an engineering contribution and will be presented during the annual Moe I. Schneebaum lecture, **which will be held in the Building 8 Auditorium at 3:30 p.m. on September 12, 2005.**

This award is presented to a Goddard civil service employee for an outstanding personal contribution toward advancing and extending technology of space flight. All Goddard civil service employees are eligible for the award regardless of their occupation or of the organization in which they serve. The contribution may be for a single or continuing significant engineering achievement or for a recent professional paper or a research paper.

All Goddard employees are invited to submit nominations. There is no limit on the number of nominations that may be submitted. While brevity is desirable, the text of the nomination should clearly describe the nominee's accomplishment and its significance. Please include the following: 1) a list of all refereed papers and publications; 2) a copy of the most important publication(s) that support(s) the nomination; 3) three letters of endorsement; and 4) a curriculum vitae. There is also the possibility that you will be contacted by a committee member for additional information.

Nominations may be made by completing the nomination form found on the OHR website at: <http://ohr.gsfc.nasa.gov/awards/isandt.htm>; and submitted electronically to: [awards@listserv.nasa.gov](mailto:awards@listserv.nasa.gov). Questions concerning submission of these nominations may be directed to Brenda Ritch 301-286-4775. All nominations must be received by the Awards Office no later than **July 29, 2005**. For further information, please contact Khrista White, HR Specialist, at 301-286-9059, [Khrista.N.White@nasa.gov](mailto:Khrista.N.White@nasa.gov) or visit OHR's website at: <http://ohr.gsfc.nasa.gov/awards/home.htm>. I want to add my personal request to this call for active employee participation both in submitting nominations and attending the colloquium where this award will be presented.

  
Arletta R. Love
